Subject: SPS Ph2 Drill Plan

Dear Dave and Jeryl,

This morning, Quatterra/SPS announced that we are advancing to Stage 2 of the option agreement with Freeport Nevada. As discussed with both EPA and NDEP earlier this year, this Stage will involve drilling at the Bear Deposit.

Please find the attached drill program for Stage 2. We anticipate starting the drill program by mid-July or early August.

Please let me know if you have any questions.

Best Regards,  
Taurus
